‘HUMAN SLEEPING

Dreams 1 to 8’

******Evocative, Ethereal, Atmospheric, Progressive,
Album Released July 1st on Sunn Creative******

Guitarist, composer, producer Tony Lowe and singer-songwriter Alison Fleming’s inspired new album, ‘Human Sleeping’, set for release July 1st on Sunn Creative, is a stunningly accomplished, subtly irresistible body of work.

‘Human Sleeping’ takes the listener on a moving and uplifting journey through the unconscious mind during sleep, with a ghostly, haunting beauty, woven throughout by Tony’s distinctive and heartfelt guitar licks, overlaid with Alison’s sublime ‘clear-water’ vocals and eclectic lyrics.

‘Human Sleeping’ can be seen as a reflection of the way humanity seems to be slumbering through some of the most profound changes in modern life. As a shadowy glimpse of an unseen world, it is a mysterious, dreamlike, atmospheric Prog Rock tour de force.

Tony Lowe, who first came to prominence as a member of seminal classic Prog band Bram Stoker in the early 1970’s, recently co-wrote, played guitar + bass on, and produced Bram Stoker’s widely acclaimed second (2014) ‘Cold Reading’ album. Tony has worked with many UK prog artists over the years as a producer, plus guested as a musician with the likes of Julian Lennon, Roger Daltrey, Simon Townshend, Visage, Pet Shop Boys and Phil Ramone.

Tony Lowe and Alison Fleming’s first collaboration came in the form of their highly ambitious concept album, ‘All Of The Above’, which made huge waves on release in 2006. ‘I See Light’, the first single taken from ‘All Of The Above’, made it to number one in the ‘All Genres’ streaming chart on the Independent Artists Company in 2007. Both ‘All Of The Above’ and it’s follow-up, ‘Second Nature’, released in 2008, were balloted for a total of 14 US Grammys, an exceptional achievement.

Alison Fleming, whose influences include Kate Bush and Bjork, flew back from the US to work with Tony Lowe in 2013 to write and record the beautiful, ethereal, melodious soundscapes contained on ‘Human Sleeping - *Dreams 1 to 8*’.
