PRESS RELEASE – 22 April 2021

'22 LAYERS' - Peter Coyle & Tony Lowe release 'isotope' – 21st May, 2021

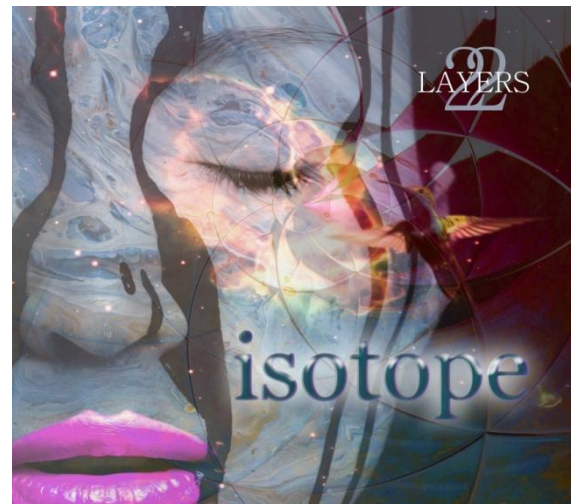

Peter Coyle & Tony Lowe as '22 LAYERS' – release **'isotope'** on the 21st of May, 2021, to digital outlets and as a limited edition CD Digipack with a 12 page lyrics booklet on Bandcamp. **Isotope** is evocative, sensual modern rock with melodic overtones and a healthy portion of grit. Peter Coyle's poetic lyrics and heartfelt vocals coupled with Tony Lowe's innovative arrangements and unmistakable guitar create a unique soundscape throughout the nine track album, which also includes the single, **'Travelling alone'** (2020).

'Travelling alone' was described by Janice Long on her Thursday night show – BBC Radio Wales, as "utterly gorgeous" and has received repeat airplay on WCR FM and Mersey Radio as well as online radio

stations. An enchanting song reminiscent of Peter's Lotus Eaters worldwide hit, 'The First Picture of You', 'Travelling alone' has had reactions such as, 'beautiful', 'gorgeous', 'so calming in this time of loneliness', 'beautiful melody...a real dreamscape', 'stunning'. On 3rd July their first EP for Sunn Creative, **'LoAdeD'** was released. The three songs along with one remix are available as a digital download on Bandcamp and officially on iTunes, Amazon, and other digital outlets.

In 2018 Peter and Tony worked together on the top-reviewed '22 Layers of Sunlight' prog album as the ESP Project. '22 LAYERS' expands their writing and production into a more

experimental, alternative rock area.
